In re Application of

Application No. 09/399,729
Filed: September 20, 1999
For: **DRIVING METHOD OF SPEAKER AND
THE DRIVING CIRCUIT THEREOF**

DECISION ON PETITION
TO WITHDRAW HOLDING OF
ABANDONMENT

This is a decision on the petition filed November 9, 2004 to withdraw holding of abandonment pursuant to 37 C.F.R. § 1.181(a). No fee is required.

The petition is **GRANTED**.

The application was abandoned for failure to respond in a timely and effective manner to the non-final Office action mailed November 10, 2003. A Notice of Abandonment was mailed on September 22, 2004.

Petitioner asserts that a proper response was timely filed on February 10, 2004. In support of the petition, Petitioner has submitted, a copy of Applicant's reply and a date-stamped post card receipt evidencing receipt of a response within the United States Patent & Trademark Office on February 10, 2004.

The original correspondence filed was not matched with the application file and cannot be located. However, M.P.E.P. § 503 states, "[a] post card receipt which itemizes and properly identifies the papers which are being filed serves as *prima facie* evidence of receipt in the U.S.PTO of all the items listed thereon on the date stamped thereon by the PTO." Accordingly, it is concluded that the response was timely filed in the Patent and Trademark Office but not matched with the application file.

In view of the above stated reasons, the Notice of Abandonment is hereby vacated and the holding of abandonment withdrawn.

The application file will be forwarded to the Technology Center's technical support staff for entering the copy of the response submitted with the petition. From there, the file will be forwarded to the examiner for further examination in due course.
